Open letter to all Patriots:-

June 1956.

Enclosed is what our Committee believes to be a brief coverage of the salient points in the so-called "civil rights" and "integration" issues. That the very phrase, "race, color, creed or national origin" stems from the Communist Party and has become a persistent menace in our national affairs is increasingly recognized.

The whole question in the final analysis simmers down to this:- "Are the clamorous minorities, some of which in ideology, character and tradition are the direct antithesis of all that is Christian American, and of whom some five million have entered illegally, yet have enjoyed our American way of life and largess so abundantly, even to including suffrage, public office and ownership of property, denied them in other countries and climes, are these to be permitted to continue to violate our generosity and hospitality by their PLANNED DESTRUCTION of our Republican Government, our Christian religion, and our Anglo-Saxon heritage and culture?" When did these privileges become "rights"?

In the light of their ever increasing numbers and growing ominous threat, are these self-acknowledged destroyers of all that we hold sacred and dear to continue to be blessed and pampered by an overly generous and tolerant White Christian nation?

That racial integration is a UNESCO-UNITED NATIONS-NATO-COMMUNIST plot, global in scope, focused deliberately on the dissolution of the white race is illustrated in the opening paragraph of an article from "Free Britain", a patriotic British periodical July 1954; "In the arrival every week of hundreds of Negro immigrants, now totalling tens of thousands from Jamaica alone, we are witnessing the first stage of a social experiment by UNESCO which intends to use the British Isles for the stock raising of a mixed breed of people resembling, if possible, the ultimate Brown Man in the picture recently published by this organization. Reasons for choosing Britain as one of the most suitable areas in which UNESCO race-breeding program can be started under controlled conditions are several..."

Please read the carefully selected enclosures! Our Committee believes them to be pertinent, brief and clear, and then vote NO on all these Communistic, race-mixing, so-called "immigration" and "civil rights" measures that threaten the very foundations of our American liberties, security and survival.

Let's keep our country White and Christian - and let's insist on being governed by White Christians!

Very sincerely

V. G. Gurley - for KAC.

THE ZIONIST DREAM OF WORLD EMPIRE

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

Historians do not all agree on the history - origin - of the Zionists nor their dream of world empire. However, the generally accepted version places their beginnings during their Babylonian Captivity, where, with other sinister teachings, such as "black magic", sorcery, hypnotism, a growing ambition gave them a motivating cause for their survival in spite of tribulations, persecutions, dispersals, etc.

THE KHAZARS

Another version places them, not in Palestine, but in a province in the heart of Siberia, the Khazars, or Yiddish tribe; as having migrated west and conquering all they encountered up to and including what is now known as Eastern Europe. This tribe adopted Judaism as best satisfying their peculiar needs and giving them a written language.

THE DEAD SEA RICHES

Centuries later, it was the appraisal of Standard Oil experts (a Kuhn, Loeb enterprise) (New York Jewish Banking House) in the early 1900's of the vast riches of the Dead Sea that gave final impetus to their age-old dream of world empire - dominion - which they knew could never be achieved without control of the money power. This realization had given rise to usurious money practices in every country in which they had settled in large numbers and which had consequently caused their expulsions from those countries. When the Jews learned of the Dead Sea's fabulous wealth of about five trillion dollars worth of basic metals, they determined to possess it and the power that would necessarily then be theirs.

STANDARD OIL

A short time later, the Standard Oil Co., itself, became a money power to reckon with in America. Gradually increasing in wealth and power, first dominating and then combining the various big tax-free foundations, Rockefeller, Carnegie, Ford, absorbing one trust after another, it became the all-powerful organization of concentrated wealth that also began to think in terms of World Government.

THE FEDERAL RESERVE ACT

Meanwhile, in 1913, a fateful year in the United States, during Woodrow Wilson's Presidency, Paul M. Warburg, international banker, and an alien, gathered the money powers into a secret meeting on Jekyll Island, Georgia. After several days of intensive discussion and planning, they brought forth the Federal Reserve System of Banking, a plan to transfer to his group the power "to coin money and regulate the value thereof", a direct treasonous violation of the Constitution of the United States, which specifically reserves that power exclusively to the Congress. Just what pressure was brought upon President Wilson and the Congress to pass this sinister legislation is not known but can readily be surmised.

The same Congress had shortly before passed the Federal Graduated Income Tax (a Communist scheme probably not known to the government) with pressure from the same clique. It is reported that the Rockefeller Foundation was established in the same year, 1913, and the Anti-Defamation League of B'nai B'rith, a Jewish society formed to protect Jewish activities from interference and obstruction by Government and other agencies, came into being that same fateful year, 1913. The Federal Reserve System is a private banking institution, neither Federal nor Reserve, patterned after the Rothschild European international bank, that has all but ruined Europe. This private central institution actually puts our entire money affairs into the hands of private financiers. Its assets in the beginning totalled \$147 million, but its unhampered, soaring profits are now estimated at \$45 billion, every dollar of which belongs legitimately to the American people.

Wickliffe Vennard, a researcher and writer of distinction, has exposed the illegality and treason of the private money control, has written several books on the subject and exposed its fantastic operations and has sent a copy of one of his books, as he claimed to every Congressman, to the White House, Cabinet, Supreme Court and every

State Legislator in the land, urging them to use their voting power and influence in the Congress to repeal the Federal Reserve Act, and restore its functions to Congress where it rightfully belongs!

Yet, while all our lawmakers are fully informed on the subject, only two have ever lifted their voices to outlaw this outrageous octopus. Why? Are they afraid? And of what? As Mr. Vennard points out, they need only change two words on our paper money, from "Federal Reserve Notes" to "United States" notes, and put them in circulation and "all of the subversive acts of the Conspiracy will then wither like leaves on a vine!"

THE FIRST WORLD WAR

Less than a year after the establishment of the Federal Reserve System came the First World War. Conflicting opinions seem to surround the origin of World War I, yet the most authoritative lay the blame at the feet of the International Bankers, under the camouflage of a trade jealousy between England and Germany.

Be that as it may, the Zionist Jews boast a certain responsibility since their plans for subjugating the world called for, first, the conquest of Russia; second, then Eastern Europe; third, then America! After this, they believed, the rest of the world would fall like a ripe peach into their hands if indeed it had not already done so!

Once the World War was launched, however, it did not progress as hopefully as planned, and the British sought for an increase of strength in their military forces. A plan was conceived whereby this might be achieved!

A quick telephone call to Rabbi Stephen S. Wise in America, and Supreme Court Justice Louis Brandeis (whose secret obsession was the hope for a national home for Jewry in Palestine) brought forth a promise of such a home in Palestine for the Jews if Woodrow Wilson could be induced to enter the war with our American troops, equipment and so forth, on the side of Britain.

The President had won reelection on the slogan, "He kept us out of war!" and was reluctant to break his word now. But both Justice Brandeis and Rabbi Wise were close friends of Wilson's, and, their persuasions finally won over the Chief Executive without informing him of the Palestine "deal"!

So our boys were sent overseas to fight a war not for themselves or Uncle Sam, but to found a home for the Jews in Palestine! Moreover, it enabled them, the Bolsheviks (Jews), to conquer Russia, as their first big step toward World Dominion.

Abundant documentary evidence reveals how this was accomplished! It seems Jacob Schiff of Kuhn, Loeb and Co., New York bankers, invested twenty or more million dollars to recruit an "army" of hoodlums, crooks, and ex-convicts off the streets of New York, train them and ship them off to fight for Lenin and Trotsky and "take over" Russia, where key government positions had already been secured beforehand. Their timing was planned to co-ordinate with the arrival from Switzerland in a sealed train of Lenin and his co-conspirators.

An official report from Captain Montgomery Schuyler, Vladivostok, Siberia, June 9, 1919, to the Chief of Staff, from headquarters, American Expeditionary Forces, Siberia, says, "These hopes (of better government under First Provisional) were frustrated by the gradual gains in power of the more irresponsible and socialistic elements of the population, guided by the Jews and other anti-Russian races. A table made in April 1918 by Robert Wilton, the correspondent of the London Times in Russia, shows that at that time there were 384 "Commissars", including 3 Negroes, 13 Russians, 15 Chinamen, 22 Armenians and more than 300 Jews. Of the latter number, 264 had come to Russia from the U.S.A. since the downfall of the Imperial Government".

The American Hebrew, leading Jewish Newspaper in the U.S.A., wrote, September 10, 1920: "The Bolshevik revolution in Russia was the work of Jewish brains, of Jewish dissatisfaction, of Jewish planning, whose goal is to create a new order in the world. What was performed in so excellent a way in Russia, thanks to Jewish brains, and because of Jewish dissatisfaction and by Jewish planning, shall also, through the same Jewish mental and physical forces, become a reality all over the world".

"Jewry is the father of Marxist-Communism", said the Jewish journal Le droit de vivre, published in Paris, May 12, 1933.

THE SECOND WORLD WAR

So much has already been written about the Second World War that little need be said now. That our American boys, for the second time, were sent to Europe to fight a war in which we had no real concern, and against the overwhelming disapproval of the American people, is one of the shameful tragedies of this century.

Hitler did not want the war and sent emissaries to England and to Roosevelt to plead with them to prevent the war. But he was forced into it by the plotters who needed Eastern Europe to help fulfill their plans. That their plan succeeded is history. It is said that only the Jews benefitted by the War. (See the Nameless War, by Captain Ramsay, M.P.).

Remember Rudolph Hess, who made a lone, dangerous plane flight to England to beseech the British to call off the war? What was his reward? Imprisonment, then defendant at the infamous Nuremberg trials, and his courageous mission a failure!

It should be emphasized here that neither the British David Lloyd George nor the American Roosevelt had any legal or moral right to give away what was not theirs to give, namely Palestine and Eastern Europe.

This Jewish element still runs Russia! Krushchey himself dispelled any lingering doubts when he told an English lady at a formal function that his own wife and those of nearly all the Russian officials were Jewish!!

COUNCIL ON FOREIGN RELATIONS

Baron Rothschild believed, "Let me handle the money of a nation and I care not who makes its laws!" On this basis, he founded the great international banking system of Europe in a great centralized plan. So it is no surprise when Paul M. Warburg patterned his idea, the Federal Reserve System on the same plan. Thus it came about that the descendents of the founders of the Federal Reserve Board evolved the "Council on Foreign Relations". These original founders included, beside others, such well known names as Jacob Schiff, J.D. Rockefeller, Bernard Baruch, Louis Brandeis, Sam Untermyer and J.P. Morgan. With the Rockefellers their guiding light, the Council on Foreign Relations embraced the big, tax exempt foundations, business, industrial, educational and political leaders into one wealthy, exclusive club, with World Government its goal and the "invisible government" of the United States its business since the 1920's. This "invisible" government has not been inactive in scarcely any administration of the past thirty years but was "loaded" with Council on Foreign Relations members, including many Zionist Jews.

It is this Council on Foreign Relations that gave us the United Nations (whose charter was written by Alger Hiss and two other members of the C.F.R.), the World Bank, the Institute of Pacific Relations, "Terrible 1313", and other interesting institutions. Rockefeller, himself, donated an \$8 million piece of property on the bank of East River to house the United Nations.

In Emanuel M. Josephson's book, "Rockefeller, Internationalist. The Man Who Misrules The World", appears in the frontispiece a photograph of arresting importance to all Americans. At the West Corner of Park Avenue and 68th Street, there stand three buildings side by side that are the emblem of the Rockefeller - Soviet Axis. "A" is the home of Rockefeller's Council on Foreign Relations, the Foreign Office of the Rockefeller Empire: "B" on opposite corner is the home of the Soviet Russian Delegation to the U.N.; "C" houses Rockefeller's Institute of Public Administration, controlling city and state governments.

PALESTINE

In 1947-48 the Zionists finally achieved their burning desire, a national homeland in Palestine, but at what a price! Since they had no legal title to the land, conquest seemed to offer their only alternative. What matter to them that their "War of Independence" entailed the slaughter, rape and pillage of thousands of innocent Arabs, whose moral and legal title to their lands had been theirs for 1700 years? What matter that almost a million refugees from Zionist terror were

driven into the desert, and to have their homes, orchards, businesses, etc., taken and occupied by alien hordes in plain sight of those they had robbed?

What matter to them that these refugees now had no homes, income nor livelihood and must accept from the U.N. (most of whose funds come from the United States) a pitiful dole of about 8¢ a day per person, with no prospect of "reparations" or compensation from their despoilers to this day?

Terrorism, as an established practice, enabled them to seize Palestine, as it had Russia, while the very atrocities attributed to Hitler and the Nazis, which even George Sokolsky wrote were more from the Soviet than from the Nazis, (The Katyn Forest, for example) were now in evidence in Palestine, in the path of Israel!!

Israel's hatred of Germany, so evident, even now in their nightly portrayal of television Nazi films (but not of the Soviet) stems from several causes. The Germans were well acquainted with Marxian aggression, ever since the abortive "revolution" staged by Karl Marx in 1848. This failure enlightened the Germans to the menace of Communism and enabled them to check every move to the West, presenting a bulwark of strength against the advance of Communism to Western Europe.

However, no such resistance confronted them in Palestine. The Arabs were not prepared to defend their homes and were forced to flee before the Israeli onslaught. And here is where matters stand to this day.

One item of interest, however, should be noted here. In Jewish ritual, a most important function at the beginning of their holy season is the Kol Nidre, (all vows prayer) uttered three times aloud in unison with the Cantor, in the synagogue. This prayer, a yearly routine, exempts those uttering it from all obligation to fulfill any pledge, promise, contract or treaty during the coming year!!

Is it a mere coincidence, therefore, that Israel has a long list of broken pledges and treaties with the United Nations, and that Russia, likewise, has broken 50 out of 52 treaties with the U.N. and contracting countries, since the same element that "took over" Russia in 1918, is still in power in that unhappy country?

AMERICA

And the war goes on in America! with one essential difference. Realizing that a hot "shooting" war would leave only devastation on both sides through possible use of nuclear weapons, with no victory for either side, a "cold" war using psychological weapons and other means is thought more effective, sure and less painful.

A sort of "creeping" socialism, increasing in pace, preceding Communism, deceiving the public with misleading propaganda, "black-outs" in news media, planting of their own men in high strategic jobs, subversive legislation, engulfing our law-makers and other public officials, and copious use of S.P.X., Soviet Principle Ten (paralysis, mass hypnotism) all contribute effectively to the stealthy approach of Communism.

It was the Communist forces that maneuvered the alien invasion, illegally, into our ports, of 3 to 5 millions during World War II, which remains unidentified, uninvestigated and unscreened to this day.

It is the Communist forces that constantly assail our wise protective immigration laws, seeking to break down our quota restrictions and permit the entry of fifth column reinforcements.

It is the Communist influence that snipes at our Christian religion seeking to abolish Christmas and Easter festivities, Bible reading in our Christian Public Schools; that plants Marxian doctrines in our Christian Sunday Schools and congregations. (30 of the 90 authors of the new "Standard Revised Version" of the Holy Bible are subversives with long Communist records.)

It is the Communist influence that puts pornographic and obscene literature in public school libraries.

It is the Communist influence that instigated our rash Supreme Court decision of May 1954, outlawing segregation in our public schools and scrapping the time-honored "equal but separate" policy hitherto so

successful, thus bringing great hardship and unhappiness to our people.

It is the Communist influence and activity that constantly presses for "Civil Rights" laws granting privileges to alien minority groups denied to the native majority.

It is the Communist influence that works feverishly to integrate, then amalgamate, the races toward the mongrelization and ultimate destruction of the white race and its superiority.

In the "United Nations: Blueprint for Peace", page 70, appears a photograph of the Communist, United Nations, UNESCO "brown man" model, a faceless, raceless, brainless composite robot of all the races, who, it is planned, will do the work of the world and support the governing elite without resistance.

It is the Communist influence, that, while flooding our own legal profession with its lawyers, is not satisfied but must establish its own courts, Beth Din, to try their own cases.

It is the Communist influence that in one way or another manages to plant its own members in high government office, as they did in Russia, before the 1917 "revolution".

It is the Communist influence that is infiltrating every phase of American life, even when strictly private, for only so can they give an account of what is going on to their leaders!!

It is well to note here that the American Council for Judaism and its large membership opposes Zionism and are loyal, sincere Americans.

The great ideal of Judaism is that the whole world shall be imbued with Jewish teachings, and that in a Universal Brotherhood of Nations, a greater Judaism, in fact, all the separate races and religions shall disappear. (Jewish World, of London, February 9, 1883.)

The eminent Rabbi Stephen S. Wise said, "Some call it Communism. I call it Judaism."
