Civil Action No. C-3-02-413

Chief Judge Walter Herbert Rice

AFFIDAVIT

I, Jeffrey N. Mausner, declare under penalty of perjury as follows:

1. I am currently employed as an attorney in private practice with the firm of Berman, Mausner & Resser in Los Angeles, California. I am also an Adjunct Professor of Law at Southwestern University Law School, where I teach courses in intellectual property law and Internet and computer law. I graduated from Cornell Law School in 1976 and am a member of the bar in California, New York, Colorado, and the District of Columbia.

2. I was employed as a Trial Attorney in the Office of Special Investigations in the United States Department of Justice from approximately the summer of 1979 to December 1985. The Office of Special Investigations (OSI) was set up in the Criminal Division of the Justice Department around that time, to investigate and take legal action to denaturalize and/or deport

-1-

U.S. residents who had assisted in Nazi-sponsored acts of persecution, and to prevent such persons from entering the United States.

3. In 1978, Congress had enacted an amendment to the Immigration and Nationality Act (INA) known as the Holtzman Amendment. The Holtzman Amendment provided, in essence, that persons who had ordered, incited, assisted, or otherwise participated in Nazi-sponsored acts of persecution during World War II were inadmissible to and deportable from the United States.

4. My primary responsibility at OSI was to prosecute denaturalization and deportation cases involving U.S. residents who had assisted in Nazi-sponsored acts of persecution, and persons who had misrepresented or concealed their wartime activities on a visa application or application for naturalization. In addition, I served as OSI's liaison with the State Department and the Immigration & Naturalization Service (INS) with respect to cases involving suspected Nazi persecutors who were seeking a visa or naturalization as a U.S. citizen.

I recognize the attached document as an Application for Naturalization ("Form N-400," or "N-400").

6. Questions 2a, 2b, and 3 in Part 7 of this N-400 were added to the form at OSI's request. Early in my employment with OSI (I believe it was in 1980), I personally drafted these questions. Following a review by the Director of OSI, the questions were forwarded to INS and were incorporated into the N-400.

7. The purpose of adding these questions to the form was to prevent the naturalization of persons who had assisted in Nazi-sponsored acts of persecution, and to facilitate finding people who were deportable from the United States on that basis.

- 2 -

8. Questions 2a and 2b ask about persons who had served in various groups, including a "military unit, paramilitary unit, police unit, self-defense unit," etc. They also ask about persons who had served at an "extermination camp, concentration camp, prisoner of war camp, prison, labor camp," etc. The questions were worded this way because many people who served in such units or at such camps during World War II assisted in Nazi persecution, and were thus ineligible for citizenship and deportable from the United States under the Holtzman Amendment.

9. Question 3 directly asked the applicant if he/she had ever assisted in persecution.

10. Questions 2a and 2b were included on the N-400 because we believed that some persons who had served in such units or at such camps would not admit that they had assisted in persecution. Questions 2a and 2b were intended to be factually objective questions regarding an applicant's wartime service and activities, and we believed that persons who had served in the type of units or camps enumerated in those questions might admit their service if asked to do so, even if they denied that they had assisted in persecution.

11. Once these questions had been added to the N-400, they were taken very seriously, and the answers to these questions were considered by the Justice Department to be highly material to an individual's eligibility for citizenship.

12. During my employment at OSI, I received telephone calls from naturalization examiners relating to questions 2a, 2b, and 3. (By "naturalization examiner," I am referring to the INS officials who reviewed and adjudicated applications for naturalization.) Typically, the examiners called OSI after an applicant for naturalization had admitted serving in a Nazi-

-3-

controlled unit during World War II, such as a <u>Schutzmannschaft</u> battalion, or had stated that the answer to one of these questions was "yes." On information and belief, INS personnel were instructed to call OSI if anyone answered "yes" to these questions.

13. I have personal knowledge of the standard procedures OSI followed when such calls were received. The standard procedures required that I tell the examiner that the person should <u>not</u> be naturalized, and that the examiner should provide OSI with additional information regarding the person. OSI then opened a file on the individual and began an investigation into the persons' wartime service and activities. The purpose of such an investigation was to determine whether the person should be placed in deportation proceedings on grounds that they were deportable under the Holtzman Amendment.

14. As part of the investigation, the standard procedure required that the person be asked additional questions regarding his or her wartime activities. In some cases, these questions were asked by INS examiners at OSI's behest, based on information provided by OSI. In other cases, they were asked by an OSI investigator or attorney.

15. In some cases, an examiner called OSI while a naturalization interview was still in progress. In such cases, the standard procedure was to provide the examiner with additional questions to ask the applicant while he or she was still under oath. The reason for this was that the applicant might be more forthcoming if the questions were asked immediately, and he was not yet aware that the Government intended to conduct a full investigation of his wartime activities.

16. If an examiner had called me and stated that an applicant for naturalization had admitted serving in a "military unit" during the Nazi occupation of Lithuania, had admitted

- 4 -

serving at a concentration camp or prisoner of war camp during World War II, or had admitted assisting in persecution during World War II, the standard procedures required that I instruct the examiner not to grant the application, and to forward all information about the applicant to OSI for a full and complete investigation to determine whether the individual should be placed in deportation proceedings on grounds that he was deportable under the Holtzman Amendment.

17. If an applicant had indicated that he served in a military unit during World War II or at a concentration camp or prisoner of war camp, but stated that his unit was a "Lithuanian military unit" rather than a "German military unit," that his officers were Lithuanians rather than Germans, that he did not hurt anyone, that he served at the concentration camp involuntarily or under duress, or that he did not "have anything to do with the Nazis," the standard procedures still required that I instruct the examiner not to grant the application, and to forward all information about the applicant to OSI for a full and complete investigation to determine whether the individual should be placed in deportation proceedings on grounds that he was deportable under the Holtzman Amendment.

18. At all times since OSI was founded in 1979, a U.S. resident who had served as an armed guard at a Nazi concentration camp where tens of thousands of Jewish civilians had been murdered would have been considered by OSI to be deportable from the United States on grounds that he had assisted in persecution.
