Dear Mr. Michael M. Kesson.

I am writing you again, because until yet, I didn't receive your answer of my registered letter.

You may easily understand how anxious I am to get some informations about my brother-in-law David Moszberg in Belsen. That's the reason why I ask you again to send me, please, the adress of this relative of mine.

I thank you for everything you did in this case and am hopeful you'll be kind to write again.

Many people here in Recife, have had news from their relatives who where in the same conditions of my brother-in-law David.

Once more, do me that favour, and take the most of your interest, that I will be very much obliget to you.

Very Truly, I remain friend.

Isaac Jacobovitz
